Publicity Given Approaching
Marriage to Secretary of
Treasury Hastens Formal
Action by Family.

By Leased Wire to Evening Herald.
Washington, March 12.—Formal announcement of the engagement of Secretary McAdoo and Miss Eleanor Randolph Wilson, youngest daughter of the president and Mrs. Wilson, was expected to be made today at the White house.

Persons in a position to know said confirmation of the reports had been decided upon to be given to the Wilson family although it had not been intended to make the announcement at such an early date. The publication, however, in many papers today of the projected marriage influenced the decision.

Rumors were current that after the marriage of Mr. McAdoo to Miss Wilson which is expected to take place in June, the secretary would resign from the cabinet and be appointed ambassador to France but White house officials said such reports were without foundation.

Later on those best informed declared that had been decided at the White house not to issue the formal announcement today but to do so in the near future.

PERSONALS

John C. Lyons and Miss Adeline Neub both of Albuquerque were united in marriage last night at the home of the bride's aunt, Mrs. James Campbell, 715 North Third street. Judge George H. Miss Ethel Schleifer of Topeka, who came to Albuquerque to be present at the wedding, left this morning for her home.

George Layman, whose drunkenness when arrested was without question, was fined \$5 by Justice Craig in court this morning. L. L. Lindbeck, a dray victim, arrested last night, was sentenced to ten days in jail.

CONGRESSMAN RUNS AFOUL OF POSTAL LAWS

(By Leased Wire to Evening Herald.)
Washington, March 14.—Representative George J. Kindel of Denver, who for months has been agitating reduction of parcel post rates and who recently spoke on the subject in the house, has run afoul of the postal authorities in advertising the sale and distribution of his speech by means of a printed stamp on the back of the copies which he mailed under frank as proof of the Congressional Record.

Third Assistant Postmaster General Hooper appealed to the department of justice which gave an opinion stating the postal law was being violated. Mr. Kindel says he defies the department.

IT'S A MISTAKE.

Made by Many Albuquerque Residents
Many people in a misguided effort to get rid of kidney trouble rely on plasters, liniments and other makeshifts. The right treatment is kidney treatment and a remarkable recommended kidney medicine is Dran's Kidney Pills. Albuquerque is no exception.

The proof is at your very door. The following is an experience typical of the work of Dran's Kidney Pills in Albuquerque:

Louis M. Germain, Albuquerque, N. M., says: "My back was weakened by heavy lifting of trunks and other baggage. It got so bad I could hardly stand straight and it was hard for me to jump off and on the wagon. I was weak and became more so every day. One day I read how Dran's Kidney Pills cured a local citizen of a similar case and I got a supply. The first box did me so much good that I got several more. They made me well."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

PLANS FOR NEW SCHOOL AT RANCHOS READY

Plans for the proposed new school at Ranchos de Albuquerque, which was authorized by a special election a week ago, have been received by County Superintendent Atahualpa Montoya. Yesterday Mr. Montoya picked a site for the school on North Fourth street.

The building is expected to be the embodiment of the schools in rural districts of the country. It will stand on a raised site, on which will be provision for playgrounds, baseball, basketball and football. It will be a California-mission structure, with red tile roof, and forty-four foot tower. There will be three rooms, and the building will be so designed that another room can be added at any time in harmony with the general design.

To Sing for Teachers.

One of the interesting features of the meeting of the county teachers association at the high school tomorrow will be the appearance of a glee club composed of teachers. The schoolmen organized the club some time ago, but tomorrow will mark its first public appearance.

Rheumatism

Remarkable Home Cure Given by One Who
Had It—He Wants Every Sufferer to Report.

Send No Money—Just Your Address.

Years of awful suffering and misery have been this man, Mark H. Jackson of Newark, New York, but he is on the way to human happiness now, and has given his experience to others who are suffering from rheumatism. He wants every rheumatic victim to know how he was cured. Head what he says:

"I Had Sharp Pain Like Lightning Stabs
Biting Through My Joints."

"In the spring of 1902 I was attacked by Malaria and rheumatism. I found at only those two have it known. For over two years I had constant after attacks, and during this time I was unable to work, and was compelled to give up my business. I was well supported, though, and even helped with insurance, and it affected it in every way.

I went every summer down any form of steamship, and I never failed to get well again. I don't know if ever I had any form of disease, but I will send to you my story. After just being treated for rheumatism, I am not sure if you may need the price of it, and certain understanding, I do not want your money, but I will send it to you if you like. That's all. Why suffer any longer when you can get well so easily? That's that's all."

The Early Spring Showing of Authoritative Styles

Brings to Light All Manner of
Attractive Ideas in
Ladies' New Spring Footwear

Style and comfort, express faintly the dominant characteristics of our New Colonial Pumps. They're patterned on a longer straight vamp, giving that snug, narrow appearance to the foot. The popular leathers being Patents, Dulls and Bronze. All that's classy in Colonials in colors and style we have. They are "the" thing for spring. We are showing them in Turns and Welts \$3.50 to \$6.00.

Button and Strap Oxfordards are considered good for spring wear. They give comfort, combined with style and wearing quality. Blacks and tans, in dulls, patents and kid. No more desirable selections than these have ever been shown. Practical styles are these planned to give smartness to the footwear of the woman whose dress allowance is limited.

For the children the little "manish" effect are receiving great favor. They are cut on broad, high toe lasts. We feature the popular "Footshape" and "Nature-form" shoes for children. The cut of the shoe enables the child's foot to have room to grow as nature intended they should. Fit the children with a pair of these shoes and give them shoe comfort.

Both the Albuquerque men and the visiting secretaries agreed that it would be wiser for all concerned not to start the active campaign for the new institution now, because of many conditions which will have been eliminated within a few months and eliminate support likely to be obtained in the fall which cannot be counted on at this time.

The visiting secretaries are G. S. Johnson, Denver, eastern secretary of the International Y. M. C. A. committee; Geo. D. McDill of Chicago, secretary of the central district of the United States and A. G. Knebel, of St. Louis international railroad secretary.

Knebel was here several months ago when the local movement received its start.

Mr. Billings and Mr. McDill are going to El Paso tonight while Mr. Knebel is en route east. All three have been to Las Vegas to inspect the Montezuma hotel property recently donated to the organization by the Santa Fe railroad.

The conference today was held at the Alvarado hotel, a number of prominent men interested in the movement having been invited to be present with the local committee. As a result of a thorough discussion of the whole situation, the following resolution was adopted:

"An active campaign for funds for a Y. M. C. A. site, building and equipment shall be inaugurated by this committee on October 15th next, and shall be pushed vigorously providing business conditions at that time are satisfactory, and that the International committee of the Y. M. C. A. be requested to co-operate in this campaign."

A committee to take charge of this campaign was then appointed as follows:

H. H. Pollack, D. A. Porterfield, D. B. Rosenwald, John W. Wilson, C. E. Hodson, E. D. Sisk, W. A. George, K. R. Stewart, S. C. Brasher, J. B. Herndon, G. A. Kaseyman, W. H. Turner, H. T. Beheler, Dr. David R. Boyd, W. G. Jones, P. F. McCann, Ned Hefford, P. J. Johnson.

The conference today is said to be certain to meet with bad fortune before the day is done.

As a result of the visit here today of three international secretaries of the Young Men's Christian association, and a conference between the visitors and the committee recently appointed to further the movement for a local Y. Thomas E. Fugate Brings Action for Damages Against George Irwin for Alleged Assault.

Through his counsel, George S. Irwin, suit has been instituted at the district court by Thomas E. Fugate, a porter on the Santa Fe railway against George Irwin, a Santa Fe conductor, for \$2,000. Fugate seeks damages for injuries he is alleged to have received at the hands of the conductor.

The report says the fence encroaches on South Second street road 1½ feet all the way to Trumbull avenue, and encroaches on a foot of the road for a distance of 25 feet on the Trumbull avenue side. But on each side of the fence the board is the remaining portion of the original fence, and it recommends that the fence be permitted to stand as it is, except for the removal of 25 feet on each side at the corner of Trumbull avenue and Second street. The beveling of the fence is advised because the turn is deemed too sharp for the greatest safety to travel on it. It is recommended that the fence be discontinued as a public highway.
